## ***Scalar Energy Card***

The Authenticity card included with this pendant also works as its own scalar energy device. The card is embedded with powerful negative ions. Negative ions are very beneficial and are like anti-oxidants in the air.

To receive the benefits of this scalar energy card keep it near your body such as in your pocket. You can also place the card against parts of your body for enhanced benefits on that specific area. Use it in conjunction with your Iyashi Pendant for the best results.
